

## **Lash Specialist**

**Price:** £140 + VAT

*Ideal for complete beginners, this course focuses on semi-permanent eyelash enhancements including strip lashes, individual lashes, and the new EXPRESS lash extension treatment. Quick and easy to learn with dramatic results, these lashes can last for up to 2 weeks.*

*This is an enjoyable and popular course, which offers lots of hands-on experience to build confidence plus plenty of advice on how to turn your new skills into a profitable business.*

### **The course covers:**

- Health & Safety
- Salon and Personal hygiene and sanitation
- About the Eyes
- Client Consultation
- Contra-indications to the treatment and client care
- Individual/strip lashes and express lash treatment practical demonstration
- Hands for students
- Removal the safe way
- Troubleshooting

### **You will need to know this before you start**

No experience necessary. You will be working in pairs during your training and you will need to remove mascara and eye make up prior to course. Contact lenses must be removed for the day. Lunch and refreshments will be provided.

### **How the course is taught**

The students begin by learning about the products followed by a practical demonstration. The students will then work on each other to practice techniques.

### **How the course is assessed**

Observation of practical skills during the course along with oral questioning to clarify understanding.

### **You will need**

Products for use on the day must be purchased from the store prior to the training day.

### **Course accreditations**

The course is accredited by the Guild, BABTAC, Professional Beauty and a VTCT Award can be achieved as well as QCF credits. CPD points can also be achieved. A

certificate will be awarded to those completing the course, which will enable the student to obtain liability insurance.
